**SUNRICH INTEGRATED SDN BHD – SUCCESSFUL COMMISSIONING OF ADVANCED RUBBER MIXING PLANT**

---

The Board of Directors of ecoWise Holdings Limited (“ecoWise” or “the Company”) wishes to announce that its wholly-owned subsidiary, Sunrich Integrated Sdn Bhd (“**SRIT Group**”) in Malaysia, will be holding a ceremony on 21 April 2015 to mark the successful commissioning and startup of its Advanced Rubber Mixing Plant.

Since SRIT became a subsidiary of the Company, the Company has been carrying out continuous improvement work by investing in facilities and doing research and development work in SRIT Group. In 2013, SRIT Group commenced the building of an advanced rubber mixing plant, consisting of advanced core system and equipment from Germany, with the intention of staying ahead of competition through enhanced technology capabilities, improved operation efficiencies and enlarged plant capacity. With the commencement of commercial operation of this plant, SRIT Group would be in better position to evolve itself from a leading rubber and tyre integrated Group in Malaysia into a dynamic player in the regional rubber and tyre industries.

The commissioning of the Advance Rubber Mixing Plant is not expected to have a material impact on the Company’s financial performance for the current year ending 31 October 2015.

**BY ORDER OF THE BOARD**
